Reason(s) for Excision:

Two excisions are required. These are to remove depictions of sexual conduct of a highly degrading, dehumanising and demeaning nature and depictions where women are highly degraded, dehumanised and demeaned. In the first scene, a woman is positioned with her head on a second woman's buttocks. Five men wait in turn to first anally penetrate one woman before ejaculating onto the face of the other. An excision to remove part of this scene will reduce the impact. The second excision is required to remove an entire scene where five men are engaged in sexual activity with one woman. The men treat the woman in an aggressive and contemptuous manner, resulting in the activity presenting as a stylised gang rape.

Approved components of film after excision:
